For the Heavy Haul
Axle load rated up to 26,000 lb.

Increased Safety
Steel shell resists heat cracking for longer life and safer operation.

Profitability
Lower maintenance costs and reduced vehicle weight.

Longer Life
Patented alloy braking surface provides superior heat absorption, resulting in reduced brake fade and wear.

Precision Balanced
Improves balance and runout for a smoother ride and extended tire life.

Durability
Backed by a three-year warranty for confidence and peace of mind.

THE SEVERE SERVICE SOLUTION
For long life, safety and durability in severe service applications, there simply is no equal to the STEMCO CentriFuse HD brake drums. Engineered and manufactured in the USA to meet the demands of frequent braking, very heavy loads and steep terrain, CentriFuse HD brake drums are not only the safest and longest-lasting brake drum in their category, they’re also the lightest.
