Streamline Your Bottom Line.

**Efficient. Durable. Safe. Easy.** EcoSkirt™ by STEMCO works to improve tractor-trailer fuel efficiency by reducing aerodynamic drag that occurs under the trailer where air hits the trailer’s rear axles. The side fairings help to streamline and guide the air around and to the back of the trailer:

- **Superior Durability** with Ultra-Flex, Impact Resistant Panels
- **Improved Safety** by streamlining the airflow under and around your semi-trailers, adding stability and reducing road spray
- **Universal Application** – Compatible with All Trailer Models
EFFICIENT

- Saves 8 gallons of fuel per 1,000 miles
- Reduces under-trailer aerodynamic drag

DURABLE

- Impact resistant reinforced thermoplastic panels
- Maximum flexibility panels are designed to “bend but never break” when they come into contact with under-trailer obstacles
- Panels resist snow and ice accumulation in winter conditions

SAFE

- Improves driver stability and handling
- Reduces road spray for increased visibility
- Mitigates the occurrence of under-vehicle accidents with pedestrians and cyclists
- Reduces driver fatigue

EASY

- Compatible with any trailer length and type
- Lightweight
- Easy to install – 2 people / 1 hour

Based on 8 gallons of fuel saved per 1000 miles, $3.00 per gallon price of diesel driving at highway speeds

Proven to reduce under-trailer aerodynamic drag by directing airflow smoothly to the back of the trailer.

EcoSkirt™ by STEMCO improves tractor-trailer fuel efficiency by reducing aerodynamic drag that occurs under the trailer where air hits the trailer’s rear axles. The side fairings help to streamline and guide the air around and to the back of the trailer.

OPTIONS

EcoSkirts™ by STEMCO are offered in a variety of configurations to best fit your fleet profile and operating needs.

Maximize the branding impact of your side skirt investment with custom colors and graphics. EcoSkirt™ by STEMCO is available in white (standard), black, gray or custom colors.

CUSTOM DECALS

STEMCO can help you design and coordinate custom decals to enhance your company’s brand and image.

CUSTOM SKIRTS

STEMCO designs custom shaped skirts for international markets as well as full coverage mega skirts for fleets seeking maximum fuel efficiency. For more information on our products for the international market, visit our International EcoSkirt™ section.

STEMCO’s AeroTrailer™ Performance Package (TrailerTail® and EcoSkirt™) delivers over 10% fuel savings, qualifying fleets for EPA SmartWay Elite status.

For more information visit www.stemco.com/ecoskirt or call 1-888-283-8245.

*Fuel Savings based on SAE J1321 testing, real-world fleet data and wind tunnel aerodynamic testing @ $3/gallon
