OEM & Aftermarket Supplier
STEMCO supplies quality products for all major commercial vehicle and trailer manufacturers in North America.

Brake Products
Our brake products are designed to deliver better stopping power, while also running quieter and cooler for extended life and maximum safety.

Wheel End Products
Offering well known high performance wheel seals, hub caps, bearings, spindle fasteners and mileage counters.

Suspension Products
Delivering the longest lasting, easiest to install, no-ream steering knuckle king pins, spring pins and bushings, with over fifty years of manufacturing experience.

DELIVERING SAFETY FOR THE MOST PRECIOUS CARGO OF ALL
When it comes to safety, STEMCO holds itself to a higher standard. We create advanced solutions with exceptional stopping power in our mission to make the roadways safer for all.
BRAKE PRODUCTS

CENTRIFUSE® BRAKE DRUMS
- Safety ensured by CentriFuse steel jacket technology
- Longer life provided by patented alloy braking surface
- Proven performance with over 80 years in the industry

CREWSON™ AUTOMATIC BRAKE ADJUSTERS
- Auto-Check™ allows visible brake stroke check
- Proprietary high strength gearset, cam guard and sealing system eliminates seizing and corrosion
- Patented clearance sensing adjuster system and pushed cutoff tool

LUNAR® AND LUNAR® HP AIR DISC BRAKE PADS
- Designed to withstand extreme temperatures with anti-corrosion coating and a mechanical retention system that increases shear strength and reduces noise
- Meets maximum stopping distances per FMVSS 121
- Passes FMVSS 121 testing up to 28.8k GAWR for extreme-duty applications
- V-groove design aids in airflow for improved friction responsiveness and stopping power

WHEEL END PRODUCTS

DISCOVER® HUB SEALS
- Increase the performance expectations of wheel ends
- Maintain the lubricant’s integrity to lengthen the life of the seal
- Have complete confidence during the installation stage
- Reduce removal time and effort without special tools or adjacent component damage

PRO-TORQ® ADVANCED AXLE SPINDLE NUTS
- Longer thread life - saves tires, wheels track truer
- Extended wheel seal and bearing service
- Improves ABS

ZIP-TORQ® AXLE SPINDLE NUTS
- Simplified and fully unitized design
- Locking features prevent backoff
- No clips, keepers, snap rings or screws to install

STEMCO HEAVY DUTY BEARINGS
- Tapered roller, clutch release, and radial ball bearings
- Individual cups and cones, and STEMCO manufactured matched bearing sets
- Long life warranty: STEMCO PPS and PPS+

DEFENDER HUB CAPS
- 100% corrosion free hub cap
- Exceptional chemical bond between hub cap body and window for strength and no leaks
- Designed for extra protection against water and contamination

WIG WAGS
LOW AIR BRAKE SYSTEM PRESSURE INDICATORS
- When the air brake system pressure drops below a safe level, the Wig Wag arm (mounted above the windshield) instantly drops into the driver’s forward field of view, remaining continuously visible and warning “Stop Low Air”

SUSPENSION PRODUCTS

KING PIN, SPRING PINS AND BUSHINGS
- Exclusive high performance no ream spiral steel bushings
- Grooved pins for better lubrication — 300% more grease!
- Drive past your next three king pin jobs
- Install in half the time, with half the effort
- Installed on school bus fleets for over 50 years

QWIKTIE® TIE ROD ASSEMBLIES
- Adjusts to fit over 80% of straight tie rod assembly lengths and styles
- Features finer threads for increased precision and accuracy in alignment adjustments
- Built to hold alignment longer and reduce stress on other components

GAFF® POLYURETHANE COMPONENTS
RADIATOR MOUNTS, MOTOR MOUNTS, HOOD LATCHES, CARRIER BEARINGS, WHEEL CHOCKS
- Improved design features
- Excellent mechanical properties
- Outstanding chemical resistance
- Superior to traditional rubber: polyurethane is impervious to oil, grease and contaminants, and won’t break down like traditional rubber
