

SYSTEMS APPROACH TO PERFORMANCE

On their own, STEMCO® wheel end components are among the lightest, most durable and highest performing in the industry. Bundled together in a Platinum Performance System™, they work together to create the most reliable and efficient wheel end systems possible. With up to 7-year warranties, Platinum Performance Systems provide unrivaled confidence and peace of mind.

PPS SOLUTIONS PROVIDE THE INDUSTRY'S BEST WARRANTY

Platinum Performance System solutions provide exceptional performance and reliability, but it's their warranties that provide peace of mind for fleet owners and managers. And the more innovative STEMCO products that are added to the package, the longer the warranty and the greater the peace of mind.

THE MOST COMPREHENSIVE PARTS AND LABOR WARRANTY COVERAGE IN THE INDUSTRY

STEMCO is proud to include labor warranty coverage on our 5-year Platinum Performance System aftermarket package.

STEMCO also offers 5- or 7-year OEM coverage including parts and labor depending on application.

REDUCED DOWNTIME

Exceptional reliability means trucks spend more time on the road and less in the shop.

LOWER OPERATING COSTS

Extended service life and warranty coverage reduce total cost of ownership.

INCREASED REVENUE

Reduced maintenance and industry-leading warranties all lead to greater profit potential.

AFTERMARKET PACKAGES

STEMCO's Aftermarket Platinum Performance System solutions are an integrated system of wheel end products and performance. With the Platinum Performance System, extend wheel end coverage to a two-, three-, or five-year limited warranty for tractors and trailers.

OEM PACKAGES

The unprecedented performance of these STEMCO Platinum Performance System Plus solutions will lower maintenance costs by reducing down-time and protecting wheel end components. With the Platinum Performance System Plus solutions, wheel end coverage is parts and labor for 5 or 7 years depending on the application.

*Extended warranties are for On Highway applications only.

Discover® XR Wheel Seals

- New, unparalleled level of wheel end sealing performance
- Featuring GlideLock™ technology reducing installation force by 50%; no prelube required
- Maintains the lubricant's integrity to lengthen the life of the seal
- Ensures complete confidence during the installation stage

Guardian® HP Wheel Seals

- Installation directly on the axle, rather than the hub bore, ensures positive alignment every time
- Seal of choice for OEMs for extra protection and greater sealing
- Rubber outer diameter allows for faster hub cleaning with less corrosion damage to the hub

Auto-Torq® Axle Fasteners

- Eliminates complex installation processes and specialty tools
- Integrated locking mechanism prevents backoff, while allowing for easy removal
- Maximizes bearing, seal and tire life

Zip-Torq® Axle Fasteners

- Simplified and fully unitized design
- Locking features prevent backoff
- No clips, keepers, snap rings or screws to install

Pro-Torq® Axle Fasteners

- Economical single nut design makes jam nut designs obsolete

STEMCO Heavy Duty Bearings

- Matched sets for all common commercial vehicle applications

Sentinel® Hub Cap

- Tamper-proof for maximum protection and maintenance-free performance
- Prevents dirt and water from contaminating hub oil, extending life of seal and bearing
- Reduces contaminant build-up on hub cap windows, allowing accurate determination of lube levels
- The Sentinel ESP (Extended Service Plug) and Sentinel ESP Filtered Drive Axle Vent allow economical retrofitting of wheel ends and drive axles with the benefits of STEMCO's exclusive Sentinel Technology
