

INDUSTRY-LEADING TRAILER WHEEL END PERFORMANCE

BACKED BY THE INDUSTRY'S LONGEST COVERAGE AVAILABLE

STEMCO's Platinum Performance System combines industry trusted wheel end components into a fully integrated system designed to maximize reliability, minimize maintenance, and reduce total cost of ownership. Because every component is engineered to perform together, fleets benefit from longer service life, improved uptime, and industry-leading 10-year warranty protection.

PERFORMANCE THAT LOWERS COSTS

A wheel end system is only as strong as its components working together. PPS combines premium seals, bearings, hub caps, and axle fasteners into a system engineered to reduce failures, extend overall life, and keep trailers on the road.

TOTAL VALUE

The true value of Platinum Performance System extends beyond warranty coverage. Superior reliability, lower maintenance costs, reduced downtime and the longest industry protection all work together to lower the total cost of ownership and keep fleets moving.

ENGINEERED FOR RELIABILITY

STEMCO wheel end components are designed to work together as a complete system, helping extend service life and improve operational performance.

COVERAGE THAT BUILDS CONFIDENCE

Trailer wheel end coverages that extend up to 10 years, PPS provides comprehensive protection that not only helps reduce unexpected repair costs but also delivers peace of mind throughout the lifecycle of the trailer.

WARRANTY PACKAGES

Seals, Hub Cap and Bearings are foundational to all Platinum Performance System warranty packages. PPS7 and PPS10 each include: choice of Discover® XR or Guardian® HP Wheel Seals, Sentinel® Hub Cap, and STEMCO Heavy-Duty Bearings.

All warranty packages are compatible with any hub.

CHOICE OF AXLE FASTENER DETERMINES LENGTH OF WARRANTY COVERAGE

PPS7

7-Year Warranty

Zip-Torq® or Pro-Torq® Axle Fastener

PPS10

10-Year Warranty

Auto-Torq® Axle Fastener
